**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please preserve our right to competition in the marketplace. Monopolies are undemocratic and further corruption. Already they are taking advantage of the American public by charging for data that is and used to be free. Capitalism requires competition. I am on the waiting list right now to receive fiber and I cannot wait. I have a competitive phone service, oppose bundling and go out of my way to support small businesses and protect a competitive market.
